Are you a non-health agent that gets asked about health insurance frequently?

Why let good money walk out the door to someone else, when you can use our referral program to keep it!

Through our "Referral Advantage" system, you will be given a referring agent ID number. This number will be used to:

1. Keep a log of all clients referred to our office, which is sent to you in a monthly report to let you know the status of every referral.
2. Identify you every month, so that we can send you a monthly statement and a referral fee check!

It's that easy. You send us a client's name and phone number, and if we write a policy, we pay you for sending it. For more information about the program, call Donnie McWaters at **888-786-1313**.

5 Ways to Refer:

Click on the "Referral Advantage" logo on our site at **www.mcwatersassociates.com**. Fill out the form and you're done. You can also create a shortcut to the form for easy access in the future.

Call our office toll-free at **888-786-1313** with your client's name and phone number.

You may send us a faxed page with your client's information to **205-625-6428**.

You may also send the information via email to **info@mcwatersassociates.com**.

Or give your client our phone number and have them call us direct. In this case, make sure they know who you are so you can receive credit.
